

Technical Requirements Theatre on Ice

TOI is a Ballet event with participating teams consisting of a minimum of four (4) and maximum thirty (30) skaters. It combines the grace and skill of figure skating with the drama and excitement of theatre and dance using musical themes which are chosen by the choreographer.

TOI positions the concepts of fun, creativity, family, and the focus of skating at the core of the discipline. This core composition improves the overall quality of skating for participants as the members involved work conscientiously on edge quality, skating skills and expression.

The main focus is the relationship to the chosen music, the theme and delivery of the choreography. This must be achieved while maintaining good flow, sureness and speed combined with ease and aesthetically pleasing movements.

The choreography must use the whole ice stage, incorporating a variety of group elements and formations, while projecting to the audience.

There is no restriction to the number of skating elements included in the choreography as long as the relevance to the musical structure and theme is maintained. Judges will be responsible for the appreciation and evaluation of the criteria.

The Judges' main focus will be to reward creativity, originality and innovation within the choreography as well as public appeal. The Chorus discipline encourages a theatrical approach towards the choreographic content whose goal is to engage and win the audience. Attention to the use of the skating surface, personal and public space must be achieved through the varied movements of the skaters; physically, emotionally and intellectually.

**The quality of skating movements, speed and skating skills will be evaluated in the mark for Skating Skills.
The Artistic relevance will be reflected in the mark for Choreography.**
